KENWAY SADDLES

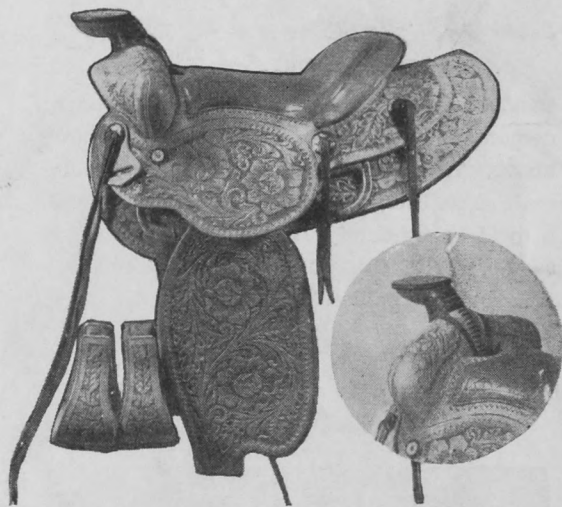

FOR THE FINEST OF CRAFTSMANSHIP

We are always proud to offer the line of **Kenway** saddles pictured on this and succeeding pages. They are the product of saddle-craft at its finest. Built on the best trees available, carefully made from the best quality oak-tanned saddle leather and moderately priced, **Kenway** saddles wherever ridden will bring pride and joy to their owners. We stand solidly behind the **Kenway** saddles we now offer; for beauty and serviceability they are unsurpassed.

When you own a **Kenway** you own the best because only the finest materials and superior craftsmanship, together with the "know-how" from years of experience, are built into each saddle.

During the past eight years, nearly 4,000 **Kenway** saddles have been manufactured and are being ridden by satisfied customers.

Introducing the new **Kenway No. 500**. This is a saddle built to our own specifications on a heavy rawhide-bound tree, combining a 13 inch bulge and a low cantle. It is constructed to give a flatter ride and may be used as a cutting or as a roping saddle. It is made full-flowered with quilted seat as shown, or plain.

Garments for ALL THE FAMILY

LEE Riders made of special 13 $\frac{3}{4}$ oz. heavy denim are the authentic cowboy pants. The denim is dyed in 6 different operations to ensure everlasting color. They have thread rivets on back pockets — no marked saddles or furniture. All pockets are cloth lined for longer wear. There is an extra button in the fly and an offset top button insures trim appearance. The new progressive type zipper fly makes the LEE Rider the most sought after cowboy garment. LEE Rider Jackets, made of matching 13 $\frac{3}{4}$ oz. denim, with two-way collar, adjustable waist band and patented LEE design, when worn with LEE Rider Pants form authentic cowboy garb.

All LEE denim garments are sanforized. They will not shrink; you can, therefore order your exact size.
